Due to federal security training at our facility, no cell phones, watches or electronic devices are allowed in SCTMC classrooms, computer learning lab or other learning spaces. SCTMC requests that all trainees leave these devices in their vehicle or use the lockers provided in our lobby. Any violation of this policy will result in the trainee failing all courses scheduled for the day and being asked to leave the facility.

First Responders and other emergency personnel should speak to the customer service supervisor who will arrange for your phones to be monitored while you are in training. Thank you for your cooperation in this matter.
