

06BLOAD

Backhoe – 6 hours

This course includes both classroom theory and hands-on practical training with full equipment inspection and skills assessment. Topics covered include basic operations, regulatory requirements, preventive maintenance, potential hazard exposures, machine modifications and PPE. The employer shall instruct each employee in the recognition and avoidance of unsafe conditions and the regulations applicable to his/her work environment to control or eliminate any hazards or other exposure to illness or injury.

Training available at Safety Council of the Texas Mid-Coast or at your workplace!
