

06BUCTRK

Bucket Truck – 6 hours

This course provides classroom theory, hands-on practice and a skills assessment. Topics include safe operation on slopes, fall protection and PPE, tip over, electrical grounding, bucket requirements, and licensing requirements. Trainee will be required to successfully pass a practical skills assessment. The employer shall instruct each employee in the recognition and avoidance of unsafe conditions and the regulations applicable to his/her work environment to control or eliminate any hazards or other exposure to illness or injury.
