

06EXCAV

Excavator – 8 hours

Training includes classroom theory and hands-on practical equipment operation and inspection. Safe operating techniques, basic earthmoving fundamentals, and machine capabilities will be discussed. A practical portion is included to allow the student to show proficiency in operation of an excavator. The employer shall instruct each employee in the recognition and avoidance of unsafe conditions and the regulations applicable to his/her work environment to control or eliminate any hazards or other exposure to illness or injury.
