Fire Extinguisher Training – 2 hours

This course provides educational training to familiarize participants with the general principles of fire extinguisher use and the hazards involved with fighting an incipient stage fire. Class will include hands-on skill assessment. This course should be taken upon initial employment and annually thereafter. The employer shall provide employees who have been designated to use fire fighting equipment as part of an emergency action plan with training in the use of the appropriate equipment. The employer shall instruct each employee in the recognition and avoidance of unsafe conditions and the regulations applicable to his/her work environment to control or eliminate any hazards or other exposure to illness or injury.

Training available at Safety Council of the Texas Mid-Coast or at your workplace!
