

06PCSPYR

Paint and Coating Sprayer – 6 hours

This course consists of a combination of formal instruction (e.g., lecture, discussion, interactive learning, video, written material), and practical training (demonstrations performed by the trainer and practical exercises performed by the trainee). Training includes classroom theory and hands-on practical equipment operation and inspection. Training topics include equipment inspections, types of spray material, respiratory protection and PPE, hydraulic injection hazard, cleanup and storage. The employer shall instruct each employee in the recognition and avoidance of unsafe conditions and the regulations applicable to his/her work environment to control or eliminate any hazards or other exposure to illness or injury.

Training available at Safety Council of the Texas Mid-Coast or at your workplace!
