

06SKIDST

Skid Steer – 7 hours

This course includes both classroom theory and hands-on practical training with full equipment inspection and skills assessment. Topics covered include the types and uses of skid steer and track type loaders, basic components and safety devices, stability affecting factors, weight distribution, attachments and ground leveling. The employer shall instruct each employee in the recognition and avoidance of unsafe conditions and the regulations applicable to his/her work environment to control or eliminate any hazards or other exposure to illness or injury.

Training available at Safety Council of the Texas Mid-Coast or at your workplace!
