

# 06TRENCH

## Trencher – 8 hours

This course includes both classroom theory and hands-on practical training with full equipment inspection and skills assessment. Topics include hazard awareness, support systems, utility locates, loading for transport and safe operation. Trainee will be required to successfully pass a practical skills assessment. The employer shall instruct each employee in the recognition and avoidance of unsafe conditions and the regulations applicable to his/her work environment to control or eliminate any hazards or other exposure to illness or injury.
