

06WATTRK

Water Truck – 7 hours

This course includes a combination of classroom theory and hands-on practical training. Course topics include inspections, stability factors, fall protection, baffles, bulkheads and endorsement requirements. Trainee will be required to successfully pass a practical skills assessment. The employer shall instruct each employee in the recognition and avoidance of unsafe conditions and the regulations applicable to his/her work environment to control or eliminate any hazards or other exposure to illness or injury.

Training available at Safety Council of the Texas Mid-Coast or at your workplace!
