

06WLOAD

Wheel Loader – 7 hours

This course consists of a combination of formal classroom instruction and practical hands-on training. Topics reviewed include equipment inspection, traffic control, safe operation, stability and safety tips. Students will conduct an equipment inspection and must successfully operate the equipment in a skills assessment.

The employer shall instruct each employee in the recognition and avoidance of unsafe conditions and the regulations applicable to his/her work environment to control or eliminate any hazards or other exposure to illness or injury.

Training available at Safety Council of the Texas Mid-Coast or at your workplace!
