

Powered Industrial Trucks (Forklift) – 7 hours

Course options include PIT Classes 1, 2, 4, 5, and 7, each in a separate course or combined. Each course includes operating instructions, warnings and precautions for the individual forklift type (class) focused on. Topics such as stability, engine and motor operation, controls and operating limitations will be discussed. Course will include classroom instruction as well as a hands-on inspection and skills assessment. The employer shall ensure that each powered industrial truck operator is competent to operate a powered industrial truck safely, as demonstrated by the successful completion of the training and evaluation.

Select the PIT Class for training:

PIT Class 1 – Electric Motor Rider Trucks

PIT Class 2 – Electric Motor Narrow Aisle Trucks

PIT Class 4 – Internal Combustion Engine Trucks – Cushion Tires

PIT Class 5 – Internal Combustion Engine Trucks – Pneumatic Tires

PIT Class 7 – Rough Terrain Forklift Trucks

PIT Class 1, 4 and 5 Combined

PIT Class 1, 4, 5 and 7 Combined

Training available at Safety Council of the Texas Mid-Coast or at your workplace!
